

Amendment under 37 CFR § 1.111
Application No. 10/501,086
Attorney Docket No. 042566

REMARKS

Allowable Subject Matter

Applicant gratefully acknowledges that claims 7-10 have been allowed and that the subject matter recited in claims 1-6 are allowable if the claim objections are overcome.

Claim Rejections

Claims 1 was objected to because of lack of antecedent basis for the limitation “the related information” in lines 7-8, and because of lack of a transitional phrase. The examiner alleges that he could not ascertain what is considered the preamble. Claims 2-6 were objected to for depending on objected base claim.

Claim 1 has been amended to have proper antecedent basis.

Also claim 1 has been amended to recite “comprising: a two-dimensional barcode reader and a satellite communication system.” Thus, amended claim 1 has a transitional phrase “comprising.”

Thus, the objection to claim 1 has been overcome. The objection to claims 2-6 has also been overcome.
